Pitch Count Rules

1. Home team is responsible for the pitchcounts (check with the scorer)
2. Coach needs to take out the pitcher when max pitchcount is reached (after the at bat) Pitcher can continue in the game at a different position
3. A pitcher that is taken out of the game can't return as a pitcher in the same game.
4. A pitcher that stays in the game (different position) can only return as a pitcher ONCE in the same game
5. As discussed in the coaches meeting: **Please be responsible with your pitchers. You don't HAVE to go for the max as a coach. Younger players in higher age groups and none pitchers are at risk.**
